DETAILED ACTION

This Office Action is in response to applicant's amendment filed on July 02, 2004.

Claims 1-31 are now pending in this Office action.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:
2. The claimed invention consists of independent claims 1, 5, and 9. They are directed to a method for allocating cone slack to compute budget timing of an integrated circuit design. The claimed invention requires steps selecting a domain restricted timing graph, computing a slack-to-weight ratio for each edge in the domain restricted timing graph, and replacing the current slack-to-weight ratio with a current less slack-to-weight ratio for that edge until each timing cone has been analyzed.

Because the closest prior art of record does not expressly disclose the claimed invention in a manner of distributing and dynamically allocating cone slack to each of the timing graph based on remaining slack to weight ratio for each edge of the timing graph in a dynamical manner for computing time budgets as in the claimed invention above, claims 1-31 are deemed allowable.

Conclusion

1. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thai Q. Phan whose telephone number is 703-305-3812.

3. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jean Homere can be reached on 703-308-6647. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

4. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
